

# WELLINGTON MEDICAL CENTRE

## PATIENT PARTICIPATION GROUP

### NEEDS THE VIEWS AND OPINIONS OF ITS REGISTERED PATIENT LIST

Would you like to have a say about the services provided by the Wellington Medical Centre and the local NHS Service?

The Wellington Medical Centre and the Wellington Medical Centre Patient Participation Group are seeking to establish a **Patient Reference Group** within the registered patient list which it can contact on an ongoing basis. This would enable the Medical Centre to survey the views and opinions of its patients and have a collated collective opinion available when representing its Patient List.

By providing your e-mail details we can add them to a contact list that will mean we can contact you via email every now and again to seek your views. The email will advise you that a survey is available for completion over the medical centre website so it can be completed from your home with the minimum of demand on your time. Hard copy surveys will be available for completion in the surgery. **However, we will not be able to carry out postal surveys due to the financial impact this would involve.**

To join the **PATIENT REFERENCE GROUP** fill in the details on this leaflet and hand it back to the reception or post it into the secure box and we will add your email address to a contact list.
